An action command in the Autorun.inf file of an audio CD or movie DVD is ignored, and these media continue to behave as in Windows XP Service Pack 1 (SP1) and earlier. The string displayed in the Autoplay dialog is constructed by combining the text specified in the action entry with hard-coded text naming the provider, provided by the Shell.

Autorun.inf Entries - Win32 apps | Microsoft Docs

An Autorun.inf file enables the automatic running of CD files on your computer. When you insert a CD/DVD into the drive, this application allows the files to run without manual prompting. They are in synchronization with the system configuration. Autorun has been popularised by Windows and it saves a lot of time and effort for the user.
