Engine Science: The Governor SystemThe governor system in your engine is crucial to keeping your engine running while you enjoy your garden tractor. It's like cruise control for your engine's RPMs (rotations per minute). It keeps your machine working regardless if you go uphill, go downhill, hit a thick patch of grass, or pull a heavy load. There are three types of governor systems used in ...

Engine Science: The Governor System - iSaveTractors

The 3.5L EcoBoost is a 3.5-liter V6 gasoline direct-injected and turbocharged engine firstly introduced in 2007 under the name TwinForce. The main idea behind this power unit was the creation of a solid alternative to a large-displacement V8 engine such as the V8 coyote sourced engine.

My answer to the "Intelligence-based, half-casting, crafting class". Build mundane objects at lightning speed using Construction and turn them into pseudo magic items with your Affect Engines. There are two versions of my class. Both versions will be reproduced here. There is the Original Version (hereby dubbed Original Tinkerer) which is approximately 10,000 words long...

The Tinkerer - Leuku's Balanced Homebrew for DnD 5e

I've had my Paseo for around half a year after buying it off a mate. While its done a fair amount of mileage (260,000km's / 161,000miles), I was wondering if it would be effective to do anything to its engine (5E-FE), given its mileage. The car is in excellent condition, internally and externally and I've had it serviced every ~15,000km's.
