She starts her new book, "Shaped Beadwork & Beyond," with a solid, thorough section of 3-D foundation shapes and their construction for all the projects that follow. It is a natural progression from here through the spectacular designs in this extensive treasury-and that is how it must be described-of some of the most exquisite explorations seen today in dimensional beadwork.

Diane Fitzgerald has been very prolific this year, and each volume has been better than the last! My previous favorite is Shaped Beadwork, so I was thrilled to receive the new Shaped Beadwork and Beyond, published by Lark Books. Forty new projects, not to mention variations too numerous to even count. Diane again focuses on three-dimensional geometric peyote stitched shapes, taking basic ...
