A 'black swan' event is a significant unexpected event that has huge consequences - such as the banking collapse of 2008 or a terrorist attack such as 9/11. There isn't a great deal to say about 'black swan' events once you've defined them - other than that there's not much you can do to prevent them as they are unpredictable.

The Black Swan is the second volume of his 4-volume body of work on uncertainty, called "Incerto." Antifragile is the fourth. First of all, this has nothing to do with the (in my opinion good) movie Black Swan. This book is about statistics, probability, and how we often falsely use those to estimate the
