Theatre, Performance and Analogue Technology - Historical ...

How has technology changed theatre? Here are four ways technology has changed the onstage performance landscape: 1) Technology and Music. Without a doubt, a musical theatre performer must be aware of the altered responsibilities musicians have with the inclusion of digital tech. The most noteworthy change is the use of tracked or pre-recorded music in live performance settings, a concept that is vehemently debated, and usually abhorred by musicians.

Theatre, Performance and Technology: The Development and ...

Theatre is a constantly changing organism that grows, develops and spurts off new ideas and techniques which get employed into theatre and performance. It's something which constantly happens, time and time again. Most of the time we are quite unaware of the change as we, as theatre goers or as a wider society integrate our [...]

Technology - A Theatre Revolution - A Younger Theatre

Using digital technology enables artists to create work lasts beyond the moment of performance. It creates opportunities for live work to have a 'digital afterlife', or to continue a creative process online. This is especially useful for theatre artists who work in a field which has no tangible product. by Matthew Austin
