The alloy wheel lug nut will work with the steel wheel, but a different part of the lug nut mates with the steel wheel. If a lug-centric wheel is used with ANY off-the-car wheel balancer, ESPECIALLY with the Hunter GSP9700 road force balancer, it should be mounted to the balancer with a lug-centric adapter.

Lug Centric Rims/Balancing (Does this mean we're doomed ...

Dynamic (Grinding) Wheel Balancing Method using iPhone Vibration App and SHCS's I think the pictures pretty much tell the story of what I made. One tool that really help figure out weight placement was a free iPhone app (VibroscopeLite) that allows the user to quantify vibration by just putting the phone in contact with the spindle housing.

Dynamic (Grinding) Wheel Balancing Method using iPhone ...

This comes when the wheels have been installed improperly. The solution is very simple. All you have to do is place some wheel balancers on the wheel. Just click here to get the step by step instructions on how to do this #3. Inferior quality parts. This refers to the bushings or the washers that come with your grinder or grinding wheel.

6 Easy Tips To Stop Bench Grinder Vibration

Flange plate adapters allows the wheel to be centered on the wheel balancing machines to mirror image mount the way the wheel is mounted to the vehicles stud & hub assembly . Not only does the flange plate provide protection to the wheels out surface by applying clamping pressure from the balance to the stud holes of the wheel, but also ensures the best balance for ride comfort and optimal ...
